ARMED MANAGEMENT SERVICES

Securing Your Future with Trust & Excellence

www.armedsecurity.co.in

Armed Management Services, formerly known as Armed Security Guard & Labour Services, was **founded by V. R. Prajapati (Ex-Army)**. As Director, he brought **18 years of experience** from his service in the 88-Armed Core Regiment of the Indian Army. Beginning as a security services provider, the company has steadily expanded to become a comprehensive manpower solutions provider across multiple service domains.

Today, under the leadership of **Uttam V. Prajapati**, who carries forward his father's legacy of military discipline and commitment to excellence, Armed Management Services has evolved into one of Gujarat's leading providers of integrated manpower and facility management solutions. We maintain the core values of military precision, reliability, and integrity that have been the foundation of our operations since our establishment.

Armed Management Services provides comprehensive security solutions for government sectors, PSUs, private and commercial sectors with consistently satisfactory performance. All services are led by our trained, skilled, and professional employees with a dedication to quality assurance and client satisfaction. **Since 2002**, we have proudly served clients throughout Gujarat, building a reputation as a trusted industry leader.

With over two decades of industry experience, multiple **ISO certifications**, and a team of trained professionals, we offer comprehensive solutions for secure, clean, and efficiently operated environments.

OUR VALUES

EXCELLENCE

We strive for the highest standards in every service we provide

INTEGRITY

We conduct our operations with transparency and honesty

RELIABILITY

Our clients count on our consistent, dependable service

EXPERTISE

We leverage our specialized knowledge across all service domains

COMMITMENT

We are dedicated to exceeding client expectations at every turn

SECURITY SERVICES //

Through our experience in securing people and environments, we understand that security is not one-size-fits-all. We design and implement customized security solutions that address the specific needs of businesses, events, public sector units, and individuals. Our comprehensive approach combines highly trained personnel with strategic protocols to ensure maximum protection for your assets, facilities, and people.

Our security teams consist largely of ex-servicemen who bring military discipline and extensive training to their roles. This military precision translates to meticulous attention to detail in all security operations, from access control to emergency response. Each security professional undergoes rigorous training in threat assessment, emergency protocols, and customer service to provide security that is both effective and professional.

OUR OFFERINGS /

✔ **Armed & Unarmed Security Guards**

Professional personnel with military backgrounds who maintain vigilant oversight of your premises

✔ **Executive Protection**

Personal bodyguards for VIPs and high-profile individuals, trained in close protection techniques

✔ **Event Security**

Specialized teams for crowd management, access control, and conflict resolution at corporate and public events

✔ **Surveillance Systems**

Advanced monitoring solutions combining human expertise with technological capabilities

✔ **Emergency Response Teams**

Quickly deployed units trained to handle security breaches and urgent situations

AMS SECURITY ADVANTAGE /

Our security solutions feature strategic deployment planning that maximizes coverage while optimizing resource utilization. We implement multi-layered security approaches that combine physical presence with technological deterrents. Our security personnel receive ongoing threat intelligence updates to stay ahead of emerging risks and vulnerabilities. We provide detailed security reporting with actionable insights to continuously improve your security posture.

MANPOWER SERVICES //

Our manpower solutions are designed to provide skilled professionals across various business functions, ensuring your operations run smoothly with qualified personnel. We understand that human resources are your most valuable asset, which is why we implement rigorous recruitment, thorough background verification, and continuous training programs.

We specialize in matching the right talent to the right position across technical and non-technical roles. Our extensive database of pre-screened candidates enables rapid deployment for both temporary and permanent positions, reducing your recruitment burden and administrative overhead. Each candidate undergoes comprehensive evaluation to ensure they possess not only the required skills but also align with your organizational culture and values.

WHAT WE OFFER /

✔ Technical Staff

Engineers, quality inspectors, technicians, and specialized operators with verified qualifications and experience

✔ Scientists

Research professionals and laboratory specialists with advanced degrees and specialized expertise

✔ Administrative Personnel

Office managers, executives, clerical staff, and reception professionals trained in business protocols

✔ Support Staff

Drivers, packers, loaders, and general labor with task-specific training

✔ Industry Specialists

Personnel with specialized training for sectors including manufacturing, hospitality, healthcare, and education

AMS MANPOWER ADVANTAGE /

We implement skills-matching algorithms to identify ideal candidates for specialized positions. Our retention-focused management approach ensures stability and continuity in your workforce. We provide personnel performance analytics that help optimize productivity and identify training opportunities. Our staffing solutions include cross-training programs that enhance workforce flexibility and resilience during peak operational periods.

HOUSEKEEPING & CLEANING SERVICES //

A clean, well-maintained environment is essential for productivity, health, and professional image. Our housekeeping and cleaning services are delivered by trained professionals who understand that cleanliness goes beyond appearance, it's about creating healthy spaces that enhance performance and wellbeing.

We employ advanced cleaning methodologies, eco-friendly products, and specialized equipment to ensure superior results across diverse environments. From regular maintenance cleaning to specialized deep cleaning projects, our teams work efficiently to minimize disruption while maximizing cleanliness. All cleaning staff receive comprehensive training in proper chemical handling, equipment operation, and sanitation protocols to deliver consistently outstanding results.

SCOPE OF SERVICES /

✔ **Mechanized Cleaning**

Advanced automated cleaning solutions utilizing industrial scrubbers, pressure washers, and robotic systems for efficient large-scale cleaning operations

✔ **Commercial Office Cleaning**

Complete workspace sanitation including desks, common areas, meeting rooms, and reception areas

✔ **Industrial Facility Cleaning**

Specialized cleaning for manufacturing floors, warehouses, and production areas

✔ **Floor Care Programs**

Expert maintenance for all flooring types including marble, tile, wood, and carpeting

✔ **Sanitation Services**

Comprehensive disinfection protocols focussing on high-touch surfaces and communal areas

✔ **Waste Management**

Structured collection, segregation, and environmentally responsible disposal systems

AMS HK & CLEANING ADVANTAGE /

Our cleaning teams implement zone-based cleaning strategies that systematically address all areas while minimizing disruption. We utilize color-coded cleaning equipment to prevent cross-contamination between different facility areas. Our services include indoor air quality management through specialized filtration and sanitization techniques. We provide seasonal deep cleaning services that address accumulated particulates and contaminants not removed through daily maintenance

OPERATION & MAINTENANCE - REPAIR SERVICES //

Our operation and maintenance services ensure your facilities and equipment operate at peak efficiency. We specialize in comprehensive maintenance solutions for industries including power plants, refineries, ports, and manufacturing facilities, focussing on minimizing downtime and extending asset life cycles.

Our technical teams combine industry expertise with preventive methodologies to address potential issues before they impact operations. When repairs are needed, our rapid response protocols ensure swift resolution to minimize operational disruption. We maintain detailed documentation of all maintenance activities, providing you with complete visibility into equipment performance and maintenance history.

SERVICES INCLUDE /

✔ **Oil Field Plant/Refinery Plant Maintenance**

Specialized maintenance services for critical petroleum processing equipment, pipeline systems, and refinery infrastructure

✔ **Preventive Maintenance Programs**

Regular inspections, lubrication, calibration, and component replacement based on manufacturer specifications

✔ **Corrective Maintenance**

Expert diagnosis and repair of equipment failures with minimal operational impact

✔ **Facilities Engineering**

Technical support for HVAC, electrical, plumbing, and structural systems

✔ **Equipment Operation**

Trained operators for specialized machinery, production equipment, and facility systems

✔ **Maintenance Planning**

Strategic scheduling of maintenance activities during non-critical operational periods

AMS O & M ADVANTAGE /

We implement asset life cycle tracking systems that optimize maintenance schedules based on usage patterns and performance data. Our multi-skilled maintenance teams can address diverse technical issues without requiring multiple service calls. We provide analytical maintenance reporting that identifies recurring issues and recommends permanent solutions. Our maintenance management includes energy efficiency monitoring to identify opportunities for operational cost reduction.

FACILITY MANAGEMENT SERVICES //

Our facility management solutions encompass the full spectrum of support services required for smooth daily operations. From office support staff to specialized horticulture services, we provide the personnel and expertise needed to maintain professional, functional environments.

We take a holistic approach to facility management, coordinating various support functions to create seamless operations that enhance productivity and workplace experience. Our services are customized to each client's specific needs and organizational culture, with regular reviews to ensure alignment with evolving requirements. Our facility management professionals are trained to represent your organization professionally while providing essential support services.

WE PROVIDE /

✔ **Office Support Staff**

Peons, office boys, and caretakers trained in workplace protocols and customer service

✔ **Catering Services**

Professional food preparation and service for corporate events, daily employee meals, and executive dining with customizable menu options

✔ **Gardening & Horticulture**

Expert landscape maintenance, plant care, and seasonal garden management

✔ **Administrative Support**

Mail management, document handling, visitor assistance, and general administrative tasks

✔ **Pantry & Refreshment Services**

Professional beverage service, refreshment setup, and pantry management

✔ **Utility Management**

Monitoring and optimization of electricity, water, and other facility resources

AMS FMS ADVANTAGE /

Our facility services include workplace satisfaction monitoring to ensure environments meet employee needs. We implement seasonal facility preparation protocols that address changing requirements throughout the year. Our specialists conduct regular indoor environmental quality assessments to identify and address concerns before they impact occupant comfort. We also provide customized facility management dashboards that give you real-time visibility into service delivery and resource utilization

VEHICLE & TRANSPORTATION SERVICES //

Our transportation solutions provide reliable, efficient vehicle services for business and personal needs. From executive transportation to industrial equipment movement, we ensure safe, punctual service delivery with professionally trained drivers and well-maintained vehicles.

We understand that transportation needs vary widely across industries and applications, which is why we offer flexible solutions ranging from short-term rentals to long-term dedicated service arrangements. All services prioritize safety, reliability, and client convenience. Our drivers undergo comprehensive background checks, driving assessments, and customer service training to ensure professional, courteous service at all times.

SOLUTIONS OFFERED /

✔ **Executive Transportation**

Professional chauffeur services with well-presented vehicles for management and VIPs

✔ **Commercial Vehicle Rentals**

Fleet options including cars, vans, buses, and trucks with professional drivers

✔ **Industrial Equipment Transport**

Specialized vehicles for safe movement of sensitive or high-value equipment

✔ **Crane Services**

Versatile crane options with certified operators for construction and industrial applications

✔ **Logistics Support**

Coordinated transportation solutions for materials, goods, and equipment

AMS LOGISTIC ADVANTAGE /

Our transportation services utilize route optimization technologies that minimize travel time and fuel consumption. We provide detailed trip analytics for corporate clients to optimize transportation budgets and resource allocation. Our driver coaching program ensures continuous improvement in safety metrics and customer service quality. We implement proactive vehicle maintenance scheduling that eliminates service interruptions due to mechanical failures.

OUR EXPERTISE IN SERVICE SECTOR

WHY CHOOSE ARMED MANAGEMENT SERVICES?/

- **Integrated Service Portfolio:** As your single-source provider for all support services, we eliminate the complexity of managing multiple vendors. This integrated approach delivers unified billing, consistent quality standards, and seamless coordination between service areas.
- **Military-Inspired Discipline:** Our foundation in military principles ensures exceptional service delivery through structured protocols, reliable execution, and unwavering commitment to excellence. This disciplined approach translates to meticulous planning, timely reporting, and professional conduct.
- **ISO-Certified Quality Management:** Our triple ISO certification (9001:2015, 14001:2015, and 45001:2018) demonstrates our adherence to internationally recognized standards for quality, environmental responsibility, and occupational safety. These certifications ensure our services consistently meet the highest benchmarks for quality and compliance.
- **Experienced Leadership:** Under the guidance of our founder, V.R. Prajapati (Ex-Army, 88 Armed Core Regiment), our management team applies strategic military leadership principles to service delivery. This leadership experience enables us to anticipate challenges and maintain operational excellence even in complex environments.
- **Social Responsibility:** We maintain a strong commitment to supporting former military personnel through preferential employment opportunities, bringing their exceptional training to our client services. Our environmentally responsible practices ensure you partner with a company that values social impact alongside business success.
